

His Eye is on the Sparrow Race Sponsorship

His Eye is on the Sparrow, HEIOTS an organization founded in 2005 for an **IDD Adult population with Intellectual or Developmental Disabilities**. This organization has two group homes, One in Ann Arbor, One in Dexter. In the past these populations will have had a mortality age of in their 30s to 40s, now with modern medicine and provided care facilities, this population is living well beyond that. This organization relies heavily on donations for their annual budget, yet is little known even in it's own community, Dexter. This year for the first time ever with only a four month planning period they sponsored a 5K race @ Hudson Mills Metropark. Not only did HEIOTS raise money, more importantly it raised the consciousness and awareness of this population. This organization is only getting their feet on the ground.

My Proposed Invention is to co-fund and co-sponsor their annual 5K race, and lend our 5HT logo to future 5K races. Beginning with year two of the HEIOTS 5K race requesting **1,000.00 USD** (Year 5 of the DWC) dwindling to 0.00 for Year Six, where it is planned to have achieved a self-supporting status. After year six, our logo of 5HT would remain on printed materials and/or 5K T-Shirts as the DWC's support of this initiative. I was and am on the organizing and planning committee for the HEIOTS 5K Race. **His Eye is on the Sparrow annual 5K Race**

- A. Conforms to Moving More
- B. Conforms to Healthy Connections
- C. Has Programmatic Sustainability
- D. See Attachments for History of HEIOTS and 5K Race.
